TEMPORARY JOB-SITE POWER

GENERAC Portable and Stand-By Generators - The perfect solution to ALL your power needs

GP SERIES Portable Generators - Affordable reliability and features not found on basic portable models, the GP SERIES are a favorite for job-sites and power backup situations

- Compact design - unparalleled power to weight ratio
- Large steel fuel tank with easy-to read fuel gauge
- Fold-down, locking handle
- Covered outlets
- Hardened steel tube cradle
- Low-oil shutdown
- Heavy-duty, never-flat wheels

XP SERIES Generators - The undisputed workhorse of portable generators. Engineered with contractors in mind, these generators provide best-in-class power quality as smooth and consistent as utility power.

- Full panel GFCI protection is OSHA and NEC 2011 compliant
- Integrated lifting eye for easy transport and job site security
- 1.25" steel tube cradle/cast metal corners
- 120/240V power selector allows full 120V or 120/240V power output
- Panel features idle control, GFCI protected covered outlets and hour meter.
- Easy-to access maintenance points
